Voters Support Extra \$10 Per Month in Taxes to Fund Early Childhood Education Programs

More than half of voters support paying an **additional \$10 per month in taxes for the average family** to expand early childhood education programs in Baton Rouge.

Questions Asked: If there were a proposal on the ballot to provide funding to expand early childhood education programs with a tax that cost ten dollars per month for the average family, would you vote for or against it?

Note: Sample size is 200 registered voters

Age Groups of Voters

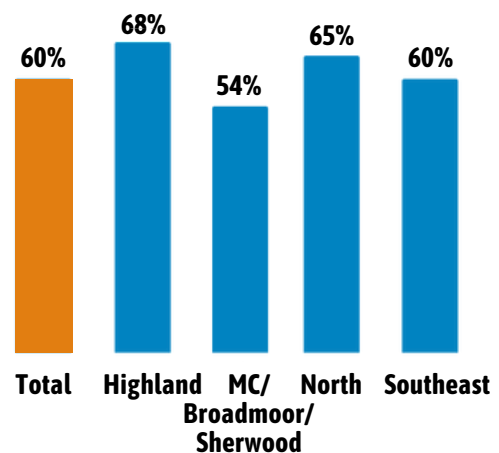

Voters See Doubling Access to Early Childhood Education as Good Use of Public Funds

A majority of voters think **doubling the number of available spots** for children under age 3 in community-based child care is an **excellent or good use** of public dollars.

Question Asked: Here are some ways the funds raised could be used for early childhood education. Please tell me whether each one is an excellent, good, fair, poor or very poor use of public funding for early childhood education.

Poll conducted by LJR Custom Strategies between September 15 and September 18, 2022, with 400 registered voters in East Baton Rouge Parish by telephone (landline and cell phone).

Poll margin of error is +/- 4.9%. Subgroups of the sample are subject to error of up to plus or minus 10%.
